A Message From Our Grand Knight

To My Fellow Brother Knights and Families:

Hello everyone, I am your new Grand Knight Javier Solis Jr. and I would like to start of this letter by thanking our Past Grand Knight Jose Gonzalez for an absolutely amazing job this past year. I was nominated to fill-in as Grand Knight after Sixto Mota, was unable to fulfill the position because of his employment. Sixto is a great man, a brother knight, and he will be missed truly for the time being. I know that he and his family will remain in all of our prayers and we wish him the best from the Knights of Columbus.

To my best understanding, I am told that I am the youngest Grand Knight at the age of 24 in California. I asked myself many times if I felt that I could fill in the shoes of some of the best Grand Knights that our parish community has offered. After a week of talking to my fiancé and my family, they encouraged and insured me that I would be guided by those same Grand Knights who have made it possible to keep our council going. I am really looking forward to my responsibilities, conversations, and work ethics to prove I can be looked at as a positive role model. One of my goals this year as Grand Knight is to try and figure out a way we can get our youth more involved with the Knights of Columbus. I have been talking to a few people already and I am already looking forward to some of the great ideas I am hearing from my brother knights.

For the month of July, Knights of Columbus will be having our family potluck on July 21. I have not chosen our family of the month yet for July, but I will continue looking in the weeks to come. Thank you all for helping and supporting our local fireworks booth. A special thanks to my father, Javier Solis, also the Mota, Miller, and Valenzuela families for another great year and to all the brother knights and their families who helped make the project successful.

Thank you,

Javier Solis Jr.
Grand Knight

Un Mensaje De Nuestro Caballero Mayor

Para Mis Hermanos Caballeros y familias:

Hola a cada uno de ustedes, Me llamo Javier Solis Jr. Su nuevo Gran Caballero. Y por medio de esta carta quiero agradecer a Jose Gonzalez por el grandioso trabajo que desempeño durante su ano de Gran Caballero. Yo fui nombrado Gran Caballero después de Sixto Mota, El por cuestiones de trabajo no pudo tomar la responsabilidad de Gran caballero. Sixto es una persona admirable, a quien vamos a extrañar por mucho tiempo. El y su familia estarán siempre en nuestras oraciones; como caballeros de Colon le deseamos lo mejor a Él y a su familia.

Con apenas 24 años de edad aquí en California soy el Gran Caballero más joven. Me he preguntado en muchas ocasiones si a mi edad puedo llenar los zapatos de Gran Caballero y ofrecer lo mejor a nuestra comunidad parroquial. Después de una semana que estuve hablando con mi prometida y mi familia, ellos me animaron y entienden que si puedo desempeñar mi labor de Gran Caballero como lo han hecho otros, y mantener en el camino nuestro compromiso de Caballeros de Colon. Estoy revisando mis responsabilidades, mis temas de conversación, mi moral que me ayuden a probar que puedo desempeñarme positivamente.

Uno de mis compromisos será el de involucrar más a los caballeros jóvenes en nuestros compromisos como Caballeros de Colon. He platicado con algunos hermanos caballeros y me han dado algunas ideas extraordinarias que pudiéramos llevarlas a cabo.

Para el mes de julio tendremos nuestra reunión familiar el compartir los alimentos juntos, será el día 21, aun no he escogido la familia del mes, lo estaré haciendo en estas semanas. Gracias por la ayuda que ofrecieron a nuestro puesto de bengalas (cuetes). Estoy muy agradecido con ustedes Caballeros de Colon y su familia por este gran ano que concluimos pero en especial con mi papa; Javier Solís, y las familias Mota, Miller, y Valenzuela, por su ayuda y concluir todos los proyectos que nos propusimos.

Gracias,

Javier Solis Jr.
Gran Caballero

Protocol Within The Council

Our council should be following the protocol of the Knights of Columbus. Punctuality will be very important for the officers our council. If any officer is able not attend the monthly meeting, he is to contact the Grand Knight and he will be excused for the meeting. Any officer who has been absent more than three meetings, and without the excuse of the Grand Knight, they can be relieved of their office. This is very important to everybody.

At the meeting, the Grand Knight cannot appoint people to the Trustees' positions. And two trustees have to be in attendance to pay the bills. The Grand Knight can appoint the Deputy Grand Knight, Chancellor, Lector, Recorder, Inside and Outside Guards for that evening. Officers, please take your job seriously. If you have questions or comments please contact Grand Knight Javier Solis, Jr. at 321-2963. Let us all work together and make our council great.

Officers, please wear a dress shirt and tie, because it shows respect for the office. Some brother knights that have not been to a meeting in a while please come and get involved. If there is a problem within the council, please bring it to the meeting so it can be addressed and solved. See you at the July 7 meeting.

We Need Your Information

We have received one or two new e-mails each month for the Saint Mary's Bulletin. If you have an active e-mail address, please send it to the council's e-mail address: kc12527@digitalpath.net. You can give it to Robert Miller, PGK at the July 7 meeting. If you have do not have an e-mail address, please contact Robert at 846-4514 and he can set you up an e-mail address at no cost.

Receiving the Saint's Mary Bulletin by e-mail does not cost the council anything. Receiving it by hard copy by U.S. Mail is 44 cents, plus the paper and ink times by ninety bulletins to send out each month; do the math.

We would also update our birthday and anniversary lists. Please contact Financial Secretary Larry Earley at 868-1460 or Past Grand Knight Robert Miller at 846-4514. To update our records, we do not want to miss your birthday and/or anniversary in our monthly bulletin. Therefore, we need your information.

A Message From Our Field Agent: **KNIGHTS OF COLUMBUS INSURANCE** ***“YOUR SHIELD FOR LIFE”***

Universal Life Insurance Policy Could Expire Long Before You Do

If you think your life insurance will last your lifetime, you may be in for a rude surprise. Many people who purchased cash-value life insurance and have been paying scheduled premiums for the past 15 or 20 years are finding out that their policies are about to lapse! It's a potential problem with all cash-value policies that were sold as **“universal”** life policies. They were sold with “illustrations” of a cash buildup inside the policy to help pay future premiums. If you own term life insurance — the kind of insurance that does not build cash value — then this problem does not apply to you. As long as you keep making the scheduled payments, your insurance will stay in force.

But many cash-value policies were sold with features that projected a growing cash buildup inside the policy — either through illustrations of interest rates to be paid on that “extra” cash value, or by allowing policy owners a choice of “variable,” mutual fund-like investment accounts for the extra cash. It's pretty obvious that a decade of bad stock market returns would impact the cash value of those policies. But what's not so obvious is that a decade of very low interest rates could also have a devastating effect on the cash buildup inside the policy. Those projected cash accumulations were supposed to be used in the future to help subsidize your annual premiums. So the policies looked much more affordable to buyers, because the premiums were based on planned future growth of the cash.

Few people paid attention to the “minimum guaranteed” interest rate, which was often 3 percent or lower. Instead, they focused on the then-current rates of 6-8 percent. But years of subpar earnings on the cash have suddenly resulted in policies with no cash remaining to subsidize those annual premiums. Suddenly the owners receive a notice that policies will lapse — default. Or the owners must come up with premiums that may be six times as high as the annual amount they had been paying — just to keep the policy in force.

A sad story, for example, in June of 1993 Tom and Denise each purchased a \$400,000 universal life insurance policy, which together cost them \$2,700 yearly. They chose these policies because, unlike term insurance, universal life was a permanent solution that was sure to outlive them. They were also promised that the universal life would build cash values that would grow free of taxation and could also be tapped into to supplement their retirement free of taxation. Over the years, Tom and Denise had never missed a payment on their policies. Then, one day, on the advice of a financial planner, they decided to review their life insurance coverage. To start, they contacted their insurance company to order an “in-force ledger statement,” which would show its current funding status. They were shocked to learn that even if they continued making their payments on time, Tom's policy would lapse at age 67 and Denise's at age 70 — far below the age of 95 that they expected, and had been forecast when they purchased the policy. The cash in their policies, which was currently nearly \$27,000 dollars, would be gone by the time they reached retirement age. If they wanted to continue with coverage, they would need to increase their annual payment to \$19,320! It could happen to you

Tom and Denise are not a unique case. Experts suggest that more than 75 percent of **universal** life policies sold in the '90s could face this problem if they did not have the “no lapse” guarantee that is now part of most current policies. Phillip Cook, a certified financial planner and registered investment adviser in California (www.cookandassoc.com), says he has uncovered many of these potential lapsed policies as he reviews clients' situations. “Life insurance illustrations are designed to make consumers comfortably numb as they continue to pay the annual premium,” Cook says. “But it's important to be vigilant, just as you would be with your health. You need to get a policy checkup at least every two or three years.” What to do order the following from your company:

1. An in-force ledger illustration showing policy performance at the current premium.
2. An in-force ledger illustration showing the amount of premium required to keep the policy in force until age 100.

You need both statements because they each tell a different story. The first will show you when your policy is set to run out of cash at your present premium and interest rate assumptions. The second will tell you how much you will need to “pony up” to keep the policy in force until you die. If you want a professional analysis of your policy, get these documents and then contact your Knights of Columbus Field Agent. It's better to find out the truth about your cash-value life insurance policy sooner rather than later. If you're still insurable, you might be able to transfer the remaining cash value into a new, more sustainable policy. Or some policies allow you to cut the face value of the insurance to keep it in force under the current premium schedule. You want your cash-value life insurance to last as long as you do. So you must check your policy now to make sure your beneficiaries will have something to collect. That's the Savage Truth. Terry Savage is registered investment adviser.

PRO LIFE CORNER

Dear Brother Knights:

Commentary: Msgr. Ignacio Barreiro: American Health Care Reform - A Good End Does Not Justify Evil Means (Part 2)

Review of Part 1: Rome, Italy (Life Site News) - All persons of good will need to understand the clear and present danger with which the US is being menaced by the current health care reform proposed by the Obama Administration.

Part 2: Some have ascertained that the health care reform that is currently being considered by Congress is based on the good end of providing health coverage to all those who lack it. However, there are reasonable grounds to be doubtful about this. There could be reasonable concern and doubt if that stated good end is just a cover up and a Trojan Horse to promote birth control and family planning, to expand in horrible ways the availability of abortion, to legalize euthanasia and to overwhelm the rights of conscience of all the persons that are rightfully opposed to those immoral acts

We have to keep in mind that rights of conscience are violated not only by forcing a person to do what is against his beliefs, but also forcing him to refer a patient to another. If the rights of conscience of health care providers, medical workers and other health care personnel like nurses and pharmacists are not respected it would have catastrophic consequences for American society. All Catholic hospitals and probably many others belonging to different religious groups will have to close, and a substantial amount of their health care personnel will have to leave their professions or emigrate.

We also have to consider that this health program or any other administered by the Federal Government is another step towards socialism, and as a consequence towards the establishment of a despotic and dictatorial government.

Today we witness a constant growth of government programs that control increasing sectors of society. Those programs as whole represent a growing erosion of the legitimate and traditional freedoms of individuals, and of many organic and natural intermediate societies like the family, villages and towns and the States of the Union

The persons who established the American Republic were well aware of the risks of despotism that go hand in hand with the existence of a powerful central government. They placed in the Constitution all sort of checks and balances. The establishment of a national health care system would be another step towards the erosion of those constitutional guarantees.

(Part 3, The Conclusion, will be in next month's bulletin)

Fellow Knights: Do not forget that on Saturday, July 16th our own Bishop Jaime Soto of the Sacramento Diocese will celebrate a Pro-Life Mass at St. Francis of Assisi Parish followed by a Pro-Life Rosary Procession to a nearby Planned Parenthood Abortion Center. See the Sacred Heart Church bulletin for details.

Dear Brother Knights in Christ:

In our Gospel reading last Sunday, Jesus said: "Come to me all you who labor and are overburdened, and I will give you rest."

One day I thought to myself, "this cross of mine is too heavy to bare" And I wondered why God gave me such a heavy cross to bear. I looked with envy at others whose crosses seemed lighter than mine and wished that I could change my cross for a lighter one. Then, in a dream, I saw the cross I impulsively wanted to wear. It was fashioned of pearls, diamonds, and gems that were precious and rare. When I hung it around my neck the weight of the jewels and the gold was way too heavy for my small, slender neck to hold, so I tossed it aside and before my eyes was a cross of red roses and I said with delight as I put it on, "this cross I can wear for hours" because it was so dainty and fragile, so lovely and light and thin, but I had forgotten about the thorns that started to pierce my skin - And then in my dream I saw "my cross," rugged and old and plain. That clumsy old cross I had thought was too heavy for me and then I knew that God had made this "special cross for me," For God in His great wisdom knew what I was best for me. Often the loveliest crosses are the heaviest crosses to bear. For only God is wise enough to choose the cross we can wear - So never complain about YOUR CROSS, for your cross has been blest, God made it JUST FOR YOU to wear and remember, GOD KNOWS BEST!

In our Gospel reading last Sunday, Jesus said:

"Come to me all you who labor and are overburdened, and I will give you rest."

Unfortunately, these days, some people are turning to New Age practices, and to practices like palm reading, witch doctors, and all sorts of other practices for solutions to life's problems. They should know not to expect good to come if they dabble in such practices. Turning to such people for advice is the same as saying that we no longer believe God is in control of our life. Either such people or their powers are in control of our life or God is in control of our life. Decide for God. God is stronger than all pagan practices. We have to decide for God. Remember the first commandment, "I am the Lord your God, you shall have no strange gods before me."

This is a [true story of one person who turned from such practices](#)

A Nigerian Catholic picked up a patient from hospital. On the way home, the patient wanted to visit a witch doctor. The driver also let curiosity get the better of himself so he went into the witch doctor's house to watch the proceedings with the patient. The witchdoctor asked the patient to shake a bunch of stones in his closed hand and throw them on a mat on the floor. The witchdoctor would then give judgment based on the arrangement of the stones on the mat. Instead of spreading out as you would expect all the stones landed together in a heap on the center of the mat so that the witch doctor was unable to read them. The patient was asked to shake and throw the stones again. The same thing happened. Again a third time the witch doctor asked the patient to shake and throw the stones. It happened again. This time the witchdoctor said, "There is a higher power than me working here. Empty out everything you both have in your pockets." The Catholic driver took a Rosary beads from his pocket. The witchdoctor said, "That is it that is what is blocking my power. Get you both out of here and don't ever again come back." If you turn from God because of any crisis that comes upon you, to whom will you then turn? God is the only one who can help you through any situation In our Gospel last Sunday, Jesus says, "Come to me all you who labor and are overburdened, and I will give you rest."

When we need rest and spiritual advice, we must choose carefully and choose God and not someone who is not of God. and **He will give us rest.**

May God continue to richly bless our council!!

It is going to be fair time again. Coming up next month will be the Butte County Fair. It will begin on August 25 (Thursday), through to the 28 (Sunday). Important Information

Membership Center

Hello, I am Robert Miller, the membership chairman for this council. Always have a Form 100 with you, so you sign up a new brother knight. If you do not have Form 100, please come to the July 7 meeting, or see me at Mass in Live Oak or Gridley, and I have some forms in my music bag.

In our great brotherhood, I am in a training session this Columbian Year. If someone in our council would like to fill in as membership chairman in our council, please contact Grand Knight Javier Solis, Jr. at 321-2963.

The job is easy, you need to talk to Catholic gentlemen in our parish about the Knights of Columbus; to know the history of our order, and try your best to join to our great brotherhood. For a fact, I have been with this council from the beginning; I am part of the Gridley First Degree Team, served as musician for the Oroville First Degree Team, and the Chico Second Degree Team. I have helped on several Third Degree Teams. This is how you get active in the Knights of Columbus.

Take Care and God Bless,
